Dear Valhalla Wood Preservatives, Ltd.,

Thank you so much for your generous contribution of **six gallons of Lifetime Wood Preservative** for our new outdoor garden structure. The tax-deductible value of your donation is **\$150**. Your contribution helps us provide unique learning opportunities for homeschooled and independent study students in grades 6th-12th. In the year ahead, with so much uncertainty, having a safe outdoor structure for our *Seeds & Sprouts* students will provide for plenty of learning! Knowing that our structure is treated with a non-toxic preservative puts our minds at ease. We will add your company name to our donor page, mention Valhalla in coming press releases, and keep you updated as our beautiful garden grows!

Students who attend courses at One Spark Academy are able to learn in a **healthy, safe, whole-child environment**. Some students feel academically or socially successful for the first time in a “classroom” setting. All gain inspiration and confidence from innovative learning experiences.

Now entering our 10th year, One Spark Academy has steadily grown to meet the needs of our community and open students’ hearts and minds to the diverse world they inhabit. Our *Food Fascination* and *Seeds & Sprouts* classes prompt teens to cook and enjoy healthy meals. Small group math instruction allows us to meet specific needs. Courses like *Our American Story* and *Women in History* enable students to gain a greater appreciation for civics and history while building public speaking skills. We also offer a variety of unique, high-interest courses, such as *Viewpoint*, *Botany*, *Mapping the World*, *Body Talk*, *Science Fair*, *Money Wise*, and *Ecology*. Combined with core academics, courses like these engage students, allow time for creativity, and contribute to learning success!

Our program costs more to run than we charge, but it’s important to us to remain affordable and accessible. We know there are plenty of students **who learn best in non-traditional settings**. That is why our fundraising is about more than helping to support our program– it’s about raising awareness that programs like ours are critical for the success of all students. Your generous donation helps us attain both of these goals.

With gratitude,

Lori Peters, Executive Director
